Volunteer Opportunities

Community Awareness

Improved Relationships

Mentorship

Dynamism, Discipline & Confidence

Live in Love & Unity

Be a Leader with Character in society & home

Improved standards of living

Using a **1-to-1** approach to teaching, the minds & behaviour of students are cultivated using a balanced approach of **love & discipline**.

Students tackle **academic & character-building skills** as well as **social consciousness** lessons highlighting issues such as domestic violence, HIV Aids, substance abuse, religious tolerance & community service (Gotong-royong, blood donation).

Daily exercise, activities (Eye exercise, counting beans) & group talks challenge negative thinking & **encourage positive behaviour**. The centre also promotes art, theatre, music & dance.

Students are encouraged to **question, listen & explore** different solutions & take responsibility for their actions.

To further encourage productivity, students are walked through the process of starting a **micro-business** & are given **six months work experience** upon graduation.

The pulse of the program lies in a **committed team**, dedicated to the holistic education and long-term development of youths throughout Southeast Asia.

Their vision: To develop underprivileged youth to become skilled, responsible, dynamic, disciplined and socially conscious.

Current operating training centres: **Cambodia (GDI), Timor Leste and Malaysia.**

More than **26,000 youths** have graduated from SOLS 24/7.

SOLS 24/7 team recognition: Numerous awards, letters of support (from country leaders and ambassadors). Represented ASEAN, Malaysia and Cambodia at international conferences.

Team Structure: Organisation co-founder and directors , full time national and international volunteers from Japan, England, Malaysia, Cambodia, Singapore and Timor Leste.

It is a non-political or religious organisation.
